

Removable Seat Deck

REMOVEABLE SEAT DECK

Seat decks are manufactured to be easily lifted out of the frame for quick removal and simple clean up.

Seat suspension under cushion includes a spring unit for seating comfort and extends the life of the seat cushion.

Stainless steel staples prevent rust.

Seat deck is finished in moisture resistant vinyl for easy clean up.

All internal exposed wood surfaces are sealed for moisture resistance and cleanability.

Loose Seat

Tight Seat

Also available in tight seat styles.
Seat cushion and deck lift out as a complete unit.
